Al and I have been friends since junior high. We had the most fun in high school. As we grew into adults our lives went different directions, but we always stayed in touch with two to three calls per year. What was so nice; it was as though we never missed a beat. We would share about our lives and catch up, laugh and just share knowledge. He was very personable and his smile, his voice, his personality will be missed, but will be with me in spirit forever.
