## **Kenderick Chue Wong**

MAY 26, 1940 - OCT 4, 2014

**K**enderick C. Wong was born on May 26, 1940 in a little house in Oakland, California. He was the eighth out of nine siblings. He is survived by his wife, Betsy, of 49 years, son Kenneth, daughter Amy and two grandchildren, Sean and Katelyn, who he loved babysitting. Ken was very social, genuinely interested in other people's experiences. He loved his job of 39 years at the Lawrence Livermore National Laboratory as a mechanical engineer. His previous job was taking part in designing the cranes that currently unload cargo at the Port of Oakland. Some of his interests were dancing, woodworking and building model airplanes. He was a lifelong tennis player and also loved piano which he took up after retirement. He traveled to several other countries, enjoyed numerous cruises, and loved Hawaii. Ken's last wish was fulfilled when he traveled in September with family and friends to see Honolulu and the west Maui sunset.

His final resting place will be Chapel of the Chimes, Oakland.

I am very sorry for the recent loss of your loved one, Kenderick Chue Wong. I have a brief encouraging message I would like to share with you from God's Word, the Bible. The Bible can be a great source of both comfort & hope during this most difficult time in your lives. For an example, at Revelation 21:3-5 it assures us that the day is soon coming when our loving Heavenly Father is going to wipe away the tears of sorrow from our eyes forever and that even pain & death will be no more. I hope after reading this it will be of some comfort to each one of you. If later you would like to learn more from the Bible about why we die or why does a loving God allow so much suffering & injustice, please feel free to go to the website: <http://www.jw.org> to find some very satisfying answers.

My deepest sympathy and condolences to Auntie Betsy and cousins Kenny and Amy, extended family and friends. I remember spending fun and joyful weekends and Lake Tahoe summer vacations with the family growing up. He was always present at family gatherings and was always willing to lend a helping hand. Growing up, he would always ask me how school was, what I was doing, what hobbies I had, etc. He was trying to keep me on the right track, and I appreciate that. It shows that he cared. He was also a great cook and my favorite was his Ribs! He will be missed greatly, but I will cherish the memories of him in my heart. With love, your niece Nicole
