It is difficult to tell you how deeply we feel about Leah's untimely death. We know we can't escape death and that we can't bargain our way out of it. However, when and where there is love, any life is too short—Leah had plenty of that to spread around! Her laughter will resonate in all who knew her. We thank God for giving us Leah, so she could show us how to live as a woman preparing to die—so she might die as a woman preparing to live eternally in heaven. To God be the glory. With great personal sorrow we share your loss and extend our heartfelt sympathy. Love to you all.

My dear sweet cousin, where do I begin? Its hard to find the words to say, but I know in my heart we'll meet again. Memories of you I hold dear, your smile and laugh I still hear. Dance with the angels and feast with the king. Your joyful laugh, in heaven, may it ring. I will miss you always, but no tears from me...for I know you will always be smiling down on me. I love you Leah...

Her journey has just begun. Don't think of her as gone away- her journey's just begun, life holds so many facets- this earth is only one. Just think of her as resting from the sorrows and the tears in a place of warmth and comfort where there are no days and years. Think how she must be wishing that we could know today how nothing but our sadness can really pass away. And think of her as living in the hearts of those she touched; for nothing loved is ever lost- and she was loved so much.

Our hearts are with you in love and sympathy. We have such beautiful memories of Leah – the happy baby; the toddler that loved to be cuddled; the young great soccer player who could out run, out challenge and out score her older brothers; the cute pictures of Leah with family, including Raindrop, at the "Pumpkin Patch;" the young scholar, fluent in foreign languages; the young woman who chose a medical career to comfort and serve others, especially children; and the devoted mother! We share your loss. Our prayers are with you!
