Sister I had to get up enough strength to write on this wall. I will never forget the day you came into my life. My whole world lit up and from that day forward we had so many memorable times and laughs. This one hurts, but that smile that lit up the room and silliness I will never forget. My confidant, advisor, and calls on the ride home. I know you are up there singing. Rest in heaven Sis ❤️ you will be truly missed. 🌹❤️

Drea was my coworker that when we were in Lafayette, we were together for quite a few years. We even hung out together after work and she's come to my house a few times she was always so helpful always there to lend a hand if you didn't know how to do something she was there to help you do it. She loved the clients and she loved your work working with the adults with disabilities. She gave 100% to her job and she was very proud of her grandchildren her first grandchild that her son surprised her. I never forget when she came to work and said I went to visit my son. He told me have a surprise come here I'll show you something and I have a grandbaby Last time I talked to her. She had had a second grandbaby which was about about six months or so ago I'm sorry for the family the knowing that your sister cousin grandma Mom was awesome lady and she will be missed very much.

My cousin Boydria was the kind of person who always tried to do the right thing. Even as a child, while spending summers together with all of the cousins she had a sweet and cautious spirit, she'd think twice before doing anything that might get her in trouble or receive a spanking. My cousin Boydria gentle heart and good nature will always be remembered with Love. ❤️

Your dear and beautiful mother! A true woman of grace, love, beauty, and faith. I worked with your mom at Future's Explorer many years ago. These two photos were taken at the time I gave birth to my second daughter. Your mom and Marcia visited me a day after Isabella was born. Plus, your precious momma often spoke about you over the years. I loved your mom and our last correspondences were during this past summer. I now live in Reno. Plus, your mom also had given a beautiful impromptu speech at my wedding... so eloquent and so beautiful. I was blessed to have known her.
