"Remember Me"

Don't remember me with sadness,
Don't remember me with tears,
Remember all the laughter
We've shared throughout the
years.

Now I am contented
That my life was worthwhile
Knowing that I passed along the
way

I made somebody smile.
When you are walking down the
street

And you've got me on your mind
I'm walking in your footsteps
Only a half step behind.

So please don't be so unhappy
Just because I'm out of sight.
Remember that I'm with you
Each morning, noon and night.

We shared some many memories. We talked and laughed just about everything. You were my go to person. You always looked out for me even when I didn't know it. You feel my heart and soul with love. I didn't know the depth of your love until now. You were the best sister in the world. If I had another change to have a sister, I will pick you again. I love and miss you.
